Where the Money Went (Expense Allocations)

Category	Amount	Share	Distribution
Rent & Utilities	₹12,000	100.0%	
Total Expenses	**₹12,000**	**100.0%**	

Income Sources

Source / Category	Amount	Share of Income
Salary	₹20,000	100.0%
Total Income	**₹20,000**	**100.0%**

Active Savings Goals

Goal Name	Target	Saved	Progress	Deadline	Added	Status
Car Down Payment	₹2,00,000	₹25,000	12%	No deadline	₹25,000	On track
Total Goals	**₹2,00,000**	**₹25,000**	**12%**	-	**₹25,000**	**1 Active**

How goals work: money you add to a goal is recorded for that goal only. It is not counted as an expense and does not change your income, expenses or savings figures above. FinTrack tracks your goals; it does not move money between accounts.

You added ₹25,000 to goals this period, which is ₹17,000 more than you saved this period. That is fine: goal money can come from savings you made earlier.

Top Single Expenses

Description	Category	Method	Date	Amount
-	Rent & Utilities	-	04 Oct 2026	**₹12,000**

How to read this report:

- Savings = income minus expenses.
- Goals are tracked separately and are not part of expenses or savings.
- Budget percentages show spending against each monthly limit.
- The Financial Health Score is out of 100 and is explained on the Analytics page.
